In this year the organization has take very significant steps like research and survey activities. In this path the organization has identified women who are very below poverty line and organize them as self help groups; through these groups the organization helps them for economic development.

Through the community survey a need analysis is done and it is come to a conclusion that as there are quite a few garment industries are around Haveri District there is a demand for skilled workers for these industries. As we have seen a large number of women are only with basic education, (below high school, 1 to 7). As per this study we have a future action plan to effective implementation of skill development trainings to women in Haveri District.

Further, through the community study, we have seen a large number of children are living from the put of education or school. In the last year also we have identified many school drafts out children in Haveri District and we have rehabilitated those children under the 12 RST program.

14. Two New Branches:

In this year the organization extremely extended his work to Haveri and Gadga Districts. Hence, the organization has started new branches in Karnataka one is located at AICD Haveri, Kanaka Complex, Kanaka Das Circle, P.B.Road, Haveri and second one is located at Government Hospital, Kurubara Oni, Pete Bana, Laksmeswra.
