Dear Reader,

We are happy to say that 2014-15 was a good year for Shri B D Tatti (Annnavaru) Memorial Charitable Trust. We not only improved but also expanded our reach of work and services to individuals with disabilities, families, the community and the stakeholders.

Networking is very important for larger level impact and improving the reach of services. The organization became a member of the newly formed DNA, the Disability NGO Alliance, an alliance formed by NGOs working on disability related issues in Karnataka, which is the first of its kind in India.

We are happy to note that many NGOs and institutions are visiting us to understand our functioning and best practices. The organization is happy to receive them and is willingly sharing its experience, best practices and lessons learnt with them. This is also an opportunity for a cross-exchange of information. In this manner, not only the lives of persons with disabilities can be improved at a larger scale but also those organizations working in this sector can benefit.

Educational interventions were among the initial activities of the Trust. Year after year, the teachers are working hard to ensure that the children enjoy the learning experience and also get satisfactory marks in their exams. We are happy to share that the children who took their 10<sup>th</sup> Class exams passed with good marks. In fact, the student who got the first rank in the school scored 107 out of 125 in Kannada language.

Given the need for energy efficient and cost effective solutions, Menda Foundation and SELCO, a solar energy company, have come forward to convert our classrooms to smart rooms, powered by solar energy. This will not only save cost for the Trust but add a new dimension of learning for the students.

Sports are a holistic development activity which has a beneficial impact on body, mind and soul. This year, we started the *mallakhamba*, which is a traditional sport of rural India. Although introduced recently, both girls and boys regularly practice *mallakhamba* with great enthusiasm and skill. A positive change can be seen in them both personally and academically.

We thank all our donors, supporters, and well-wishers who came forward to support our activities in different areas. Without their support, we would not have been able to come this far.

Thank you,

Best regards

**Shri Somanath Mahajanashettar**

### Profile

Established in 1994, Shri B D Tatti (Annnavaru) Memorial Charitable Trust works for the welfare and development of persons with disabilities in Karnataka. The founders of the Trust began its work by supporting children with speech and hearing impairment. Over the years, the Trust rapidly expanded its work and has reached out to about 5000 persons with disabilities, including children, youth and adults in 11 Districts of Karnataka till date.

Our institutional programmes include

- Sushravya Pre-Primary School for Oral Deaf Education
- Shri B D Tatti Residential School for the hearing impaired.

The Community Based Rehabilitation Programme, that began in 2007-08, has the following programmes:

- Early Intervention and Inclusive Education
- Therapy and mobility
- Livelihood promotion
- People Advocacy and Organization

### Background

The prestigious family of Shreeman B D Tatti (Annnavaru) of Laksmeshwar has always dedicated itself to social service. Shreeman B D Tatti lived in the spirit of service all his life by dedicating his resources and energy to the needy. His work and credibility earned the respect of the Maharaja of Mysore and the rulers of Miraj Sansthan who would reserve special seats for him in their courts.

Shreeman B D Tatti's grandson, Dr. S. J. Tatti, followed in his footsteps, having inculcated his values and beliefs in every way. After the completion of his medical study, Dr. Tatti, along with some of his friends, committed himself to social service by organizing free eye check up and health check up camps for the low income group.

Dr. Tatti channelized the service oriented ideals of his grandfather by forming a Trust called the Shri B D Tatti (Annnavaru) Memorial Charitable Trust in 1994.

The Trust started functioning from 1996. The three families of Shri B D Tatti, the Manvis and Mahajanashettar brothers nurtured the Trust with the spirit with which it was formed with their own sweat and toil. Guided by the spirit of pure service and commitment, the Trust grew from strength to strength, both in terms of its team and work.

Initially, the Trust started a free residential school for hearing impaired children with 10 students in 1996-97 but now has more than 200 hearing impaired children studying in it. Every single day, their lives are being transformed in a unique learning atmosphere. The work of the Trust grew both in terms of its internal institutional programmes as well as community based rehabilitation programmes.

## Vision

- Equal opportunities for persons with disability.
- Persons with disability are contributing members of society

## Mission

- Mainstreaming persons with disability in families and society.
- Facilitating a barrier free environment and opportunities to them so that they can lead their life in a satisfying and productive manner.

(BDT is registered under the Bombay Public Charitable Trust Act-1950, registration number is No.A-3443/DWR. All contributions to BDT are exempted from Income Tax u/s 80G of IT Act, 1961. Also Trust registered under FCRA and accepting all foreign donations.)

## Objectives

- To ensure early identification of children with disability, assess their needs, and accordingly facilitate the process to provide them with the relevant service.
- To prepare children with disability to mainstream in regular educational institutions.
- To identify youth and adults with disability, and assess their needs.
- To support youth with disability to pursue higher education, facilitate or provide vocational training, and income generation opportunities through placement or self-employment.
- To provide appropriate mobility aids and appliances to the needy
- To promote and establish networks to assist persons with disability at the family, institution and community level.
- To provide therapy service (physio and speech) to persons with disability
- To create a technology friendly environment to the disabled community.

## Awards won

- Microsoft Innovative Teachers Leadership Award 2009-10 'Country Winner' from Microsoft Indian.
- Sri. Gudleppa Hallikeri Seva Gourava Prashasti' for Social Service on 6<sup>th</sup> June 2011.
- Successful accomplishment of Badte Kadam Campaign Program of National Trust
- Organization recognized as a Nodal NGO and local level committee member of Gadag district
- Golden School Award 2013-14' from Indian Talent Groups, Mumbai.
- State level 'Best School Award for the year 2013-14 and 2014-15' from Sirigannada Prakashana, Chitradurga.

## Part 1 – Organizational Perspective

### Introduction

During 2014-15, Shri B D Tatti (Annvaru) Memorial Charitable Trust organized various programmes and activities under the institutional programmes and community based rehabilitation programmes. It marginally increased its reach to more beneficiaries as compared to last year, and strengthened its network and field based activities.

### Reach to beneficiaries

SI No.	Programmes	Total Reach	
		2013-14	2014-2015
01	Pre-primary School for Oral Deaf Education	12	16
02	Free Residential School for Hearing Impaired Children	192	187
03	Adult Deaf Education	05	0
04	Community Based Rehabilitation Program for persons with different disabilities	1332	1318
05	5.1 Malnourished (Red Zone)	306	264
	5.2 Early Intervention	402	628
	5.3 Inclusive Education	283	480
	<b>Total</b>	<b>2,532</b>	<b>2,893</b>

### Geographical areas of work

01	02	03	04	05	06	07	08	09	10
Area	Taluka	Panchayat	THC's	PHC's	CHC's	No. of Edu. Cluster	Schools	Anganwadis	Villages
<b>Gadag</b>	Shirahatti (CBR and EI-IE)	24	01	05	01	17	209	201	92
<b>Gadag</b>	Mundargi (CBR)	15	01	07	Nil	14	154	169	53

The following are the 11 Districts covered by the Pre-primary School for Oral Deaf Education and Shri B D Tatti Residential school for children with hearing impairment: Gadag, Koppal, Dharwad, Belgaum, Haveri, Bagalkot, Bijapur, Karwar, Bellary, Davangere and Raichur.

## Highlights of the year at a glance

### a) Formation of the Disability NGO Alliance

At present, as far as Karnataka is concerned, most of the activities of the disability sector are concentrated in Bangalore. Be it in terms of accessing technical inputs, purchase of aids and appliances etc, the NGOs working in North Karnataka have to travel the long distance to Bangalore to meet their needs and services related to the disability sector. This takes up considerable time and resources. In order to reduce the dependency upon Bangalore, and to boost their capacities so that they can work better in their own area, the NGOs working in Karnataka formed a Disability NGO Alliance (DNA).

Becoming a member of the DNA has been an enriching experience for Shri B D Tatti (Annnavaru) Memorial Charitable Trust. It has understood the concepts related to forecasting and planning with greater depth. The DNA is expected to bring in more support and visibility to the NGOs working for the disability sector in the state and the nation.

### b) Excellent performance in exams by Class X students

At present, Shri B D Tatti Residential school for Children with hearing impairment is having about 187 students of which 115 are boys and 72 are girls. Children with speech and hearing impairment are taught different subjects by dedicated and trained teachers. It is good to note that the students are learning with interest and putting in their best in studies. The organization is happy to share that the 10<sup>th</sup> Class students got very good results in the State Board exams during 2014-2015.

Among the class of 18 students, one student, Megha Kordur got distinction, while 6 students got first class, and 7 students got second class. A girl student who topped got 107 marks out of 125 marks in Kannada language. Given that a high score for a language is very rare, it is indeed a great achievement for the students, parents, teachers and the school.

### c) Introduction of Mallakhamba - great response among students

Sports have always been part of the organization's culture. One can see the children playing different types of sports and games on the large playground. The large expanse of the ground gives the children the necessary space to enjoy various games including cricket, football, or running race. During this year, the organization introduced Mallakhamba which is a popular pole based rural sport. Mallakhamba requires balance, concentration and skill.

Both boys and girls learnt the sport and in a short time became skilled enough to participate in various sports meet.

**d) Upgrading the skills and learning of the staff**

The staff of Shri B D Tatti (Annnavaru) Memorial Charitable Trust is working both in the field and in the campus as part of the community based rehabilitation programmes. and institutional programmes.

The organization ensures that the staff is prepared to meet the demands of their work by improve their efficiency and upgrading their knowledge. Thus, it organizes various internal training programmes as well as deputes them to attend external capacity building programmes. These programmes are of great significance for not only do they make the staff feel more confident and motivated, but improves the quality of service to the persons with disabilities, which is the core objective of the organization.

During this year, the staff attended programmes on different issues such as early intervention and rehabilitation, inclusive education, goal setting, improving the efficiency of sign language among the children, fund raising, understanding the Constitutional Acts related to disability, rights of persons with disabilities, organizational development, reporting, programme planning and implementation, financial accounting, child protection and Rights of children, and leadership and advocacy.

**e) Sensitization programmes for care givers and stakeholders**

Shri B D Tatti (Annnavaru) Memorial Charitable Trust believes that care givers (family), stakeholders and grassroots level activities can be powerful agents of change in improving the lives of children and adults with disabilities. Their involvement is essential right from identification, treatment or support, capacity building to rehabilitation. In the longer run, their participation paves the way to reduce stigma and discrimination, and lead to mainstreaming of children, youth and adults with disabilities especially in the rural areas. During this year, the organization organized various workshops for care givers, stakeholders and grassroots level activities.

Among the activities included organizing sign language training programmes for primary school teachers of Government schools in Haveri. During this year, 5 training prorammes were organized that were attended by about 250 teachers. These teachers can further coach the speech and hearing impaired children in their respective schools on sign language. Overall, this facilitates the communication process between the teacher and the children, and also engages the latter in the learning process

The following table gives the details of the networking programmes organized for various stakeholders:

**Networking Programmes/capacity buildings to the stakeholders**

Sl. No.	Stakeholders	Reached
01	Workshop for ANMs	13
02	Workshop for ASHA	164
03	Training for ICDS worker	259
	Teachers training on inclusive education and early identification	116
04	Parent's training on early stimulation & its management along with various services.	723
05	MRW & VRW training	10
06	SDMC members and SSA teachers	100
07	Training for Malnourished children parents	270
	<b>Total</b>	<b>1655</b>

Mallakamba Practice

Early Intervention training to staff

Training of Parents of children with disability

## Part 2 – Institutional Based Programmes

### Sushravya Pre-Primary School for Oral Deaf Education

Started in 2007-08, the Sushravya Pre Primary School for Oral Deaf (Mother Care Centre) is one of a kind in North Karnataka. It is the only centre to provide residential oral deaf education to both mother and child. Under this three year programme, hearing impaired children and their mothers learn the basics of oral deaf language. As mentioned earlier, both child and mother have to stay in the campus. Children as young as six months to five years are enrolled in the school along with their mothers. As part of the training, at times children and mothers are exchanged in order to develop confidence. Another benefit of this education program is to build the capacities of the mother as a resourceful teacher, helping them to speak and share individual feelings in front of each other. During this year, a total of 16 children studied in the course. Of them, 12 were boys and 4 were girls.

#### Overall activities during the year

There is more to Sushravya Pre-primary school than just learning the sign language for the children and their mothers.

The children are taken regularly on exposure trips. Two interesting places including factories, railway station, courts, parks and cattle fairs etc. The children feel fascinated as they observe the functioning of various places

## Impact

Children are more prepared to join a formal school as a regular school. The visits helped to improve the listening capacity and the confidence of the children

## Case Studies- a new beginning

### Family Background:

Suhana, a 4 years old girl, weighed about 1.6 kg at the time of her birth. Her father is working as a coolie as a daily wage labourer, while her mother makes home made products in home. There are a total of 6 members in the family, which is a resident of Indiranagar, Laxmeshwara, Shirahatti Taluka.

Suhana, who is a second daughter to their parents, was identified with speech and hearing disability at the age of 3 years. The networking that Shri B D Tatti (Annavaru) Memorial Trust does helps the community stakeholders to know about its services. Accordingly, the stakeholders convey the information to parents in different forums. As a result many parents go in for early identification services if they feel that their children may be having any disability.

After learning about Sushravya Pre-primary School from the the Anganwadi teacher, the parents visited the school where Suhana wa assessed by Mr. Mallappa Hakki, speech therapist. The staff facilitated the process of getting a hearing aid for Suhana from the local MLA (Member of Legislative Assembly) and the Chief Minister's Fund. On 20<sup>th</sup> November, 2014 the parents decided to enroll Suhana in the school.

It was only after joining that the Urdu speaking family came know that the medium of teaching is Kannada. Initially, the child and mother faced a language problem but later on adjusted to the learning methodology. As the days passed, and the mother began interacting with the other, the family felt assured that Suhana benefit immensely from the school. At present, both mother and daughter have begun to understand and converse in

Kannada. The family members are very happy with Suhana's development.

### Family Background

Rahul Adimani, a 5 years old boy, is the child of a couple who are related to each other. Rahul's mother had a normal delivery. He has two sisters. His father is working as a KSRTC bus driver in Bangalore. Rahul was two years old when his hearing got affected. After his parents came to know about B D Tatti (Annavaru) Memorial Charitable Trust during the Inchara program at Bangalore, Rahul came to the campus.

After joining the pre-primary school, there has been good improvement in his condition. Earlier, Rahul could not speak clearly, because of his hearing impairment. The organization gave him a BTE aid (Behind The Ear), Day by day, his involvement in various activities has increased. Rahul's mother is very happy with his progress. She says, "The teacher is a Godsend". Rahul's parents are happy with the school's teaching and learning methods.

Mother and child together learn oraf deaf language

Children and their mothers at the school, in which they together learn the oral deaf language. Oral deaf education gives the children confidence and preparedness to move ahead in life. Children participate in cultural programmes and also go on exposure trips.

## B D Tatti Residential School for Children with Hearing Impairment

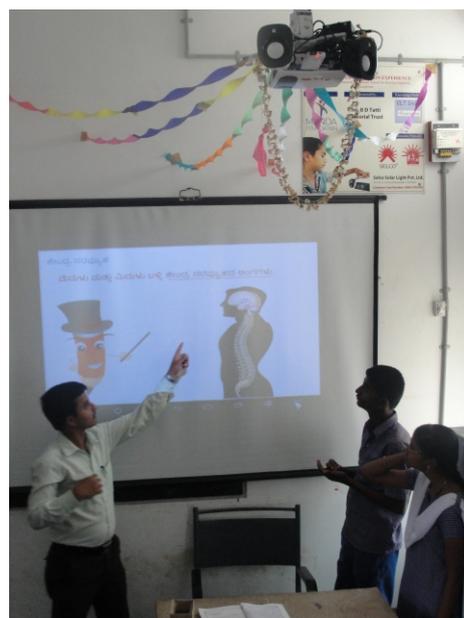

### About the programme

The B D Tatti Residential School for Children with Hearing Impairment is a dream project of Dr. S J Tatti, Chairman and Shri Somanath Mahajanashettar, Honorary Secretary of Shri B D Tatti (Annnavaru) Memorial Charitable Trust. The school has classes from 1st Standard to 10th Standard, and teaches all the subjects. The school is affiliated to Department of Women and Child Welfare, Government of Karnataka. The teachers' training skills are upgraded regularly to improve the teaching methodologies to children with speech and hearing impairment. The school has the Nali Kali method of teaching which is the appropriate method to teach students, especially those with Hearing Impairment at an early age. Introduced by the Government in SSA (Sarva Shikshana Abhiyan) schools, this method provides space for individual care, and child centric activity based curriculum.

This year, (2014-2015) 187 students with hearing impairment studied in the school. 16 students appeared for 10<sup>th</sup> Class exam of which 15 students passed while only one student failed. Out of 16, 11 were boys and 5 were girls. Ms. Megha Kordur got first class in the year.

### Highlights of the year

SELCO, a reputed company in the field of solar energy, along with Menda Foundation, installed solar powered lights for the hostel of the school and kitchen. Additionally, it also helped to

conduct smart classes (projector aided teaching) for the 5<sup>th</sup>, 6<sup>th</sup> and the 7<sup>th</sup> classes. Given the scheduled power cuts in Laxmeshwara, these solar lights come as a great relief. At present, the lights are dispelling the darkness caused by power cuts at nightfall. The kitchen staff can carry out its cooking related duties and serve dinner to the children in case of power cut in the evening, as the lights in the kitchen and dining area is powered by solar energy. Shri B D Tatti (Annnavaru) thanks SELCO and Menda Foundation for this very valuable support

## Introduction of Mallakhamba – a new enthusiasm in the children

Mallakhamba, also known as pole gymnastics, is a traditional Indian sport in which a gymnast performs feats and poses with a vertical wooden pole or rope. Mallakhamba derives from the terms *malla* which means a wrestler and *khamba* meaning a pole. During the year, the B D Tatti Residential School introduced Mallakhamba training to its students. However, it was very difficult to explain Mallakhamba to the hearing impaired students as it requires mental and physical concentration and coordination. Initially, the students resisted practicing on the Mallakhamba. Eventually, with a lot of coaching and practice, the mind-set of the students changed. Once they became interested, they began to practice and enjoy it. They practice regularly on the Mallakhamba with great interest. Many positive changes can be seen in the students since the Mallakhamba practice. They are more disciplined, confident and taking more interest in their studies.

During the year, a Mallakhamba competition was organized to select South Zone National Mallakhamba Champion in which 12 students from our school participated. Kum. Shridevi Madivalar, studying in 9<sup>th</sup> Class, participated in the competition and qualified for the South Zone National Mallakhamba Championship at Vaishakh Pattan.

The 16<sup>th</sup> State level Mallakhamba Championship was organized at Adarakatti, Shirahatti Taluka, organized by Karnataka State Mallkamba Association Laxmeshwara. 12 students from our school participated and came 3<sup>rd</sup> in the event. Considering that the sport was introduced only in this year, coming third is a great achievement. 20 students participated in Mallakhamba pole gymnastics, which was one of the events of the Sri Siddeshwar Festival. The students were invited by the the Rahul Dravid Sports Club and Grameen Abivrudhi Samsthe, Naragund invited us for Mallakhamba show.

## **Celebrating festivals and observing important days – creating awareness in the public and enthusiasm among the children**

During the year, the school celebrated important days and participated in various functions. This included celebrating International Hearing Impaired Day. Several key stakeholders attended the function including Shri. S.V Sankanur MLC, GOK, Shri. Srinivas Huilgol, Member of Gadag-Betegeri Municipal Council, Dr. A M Kadakol, Associate Professor, KIMS, Karnataka University, Dh ar w a d , Sh ri . L i m b a y y a s w a m i Limbayyaswamimath, President, Chamber of Commerce, Gadag. Shri. K H Obleppa, Joint Director, ICDS, Dept. of Women and Child Development Bangalore. Apart from this, various festivals, Independence Day, Republic Day Teachers Day, Children's Day, and Gandhi Jayanthi were celebrated.

### **Sports and cultural performances– a way of life for the children and staff**

The students also participated in various other sports meet and general events. 20 children attended the Inchara programme organized by Vijayapura Branch of APD. The students were also honored for their participation in the fair of Gramadevata of Hotanahalli, Shiggava Taluka. The school students also participated in the Kanakagiri Utsav held at Kanakagiri, Koppal District.

### **Highlights**

25 hearing impaired children participated in the Prathibha exams conducted by Sirigannad Prakashan Chitradurga, a state level competition.

### **Donation by Star key Engineering Foundation**

- Star Key Engineering Foundation provide free B.T.E (Behind the Ear) hearing aids to 58 hearing impaired students.
- The Rotary Club Hubli provided free 20 Slumber kits to the students

### **Activities related to the teaching staff – the backbone of the school**

The Trust regards the teachers as the backbone of the school. The organization acknowledges the commitment of each and every teacher and staff member associated with the institutional programmes. The teachers participated in various events and workshops, and got honored by various institutions during the year.

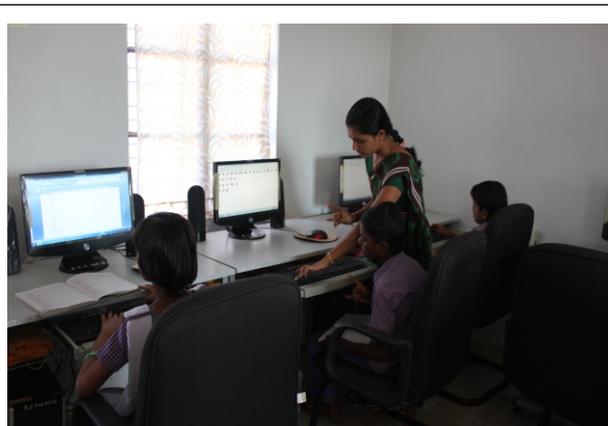

Students and teacher – bonding through learning together

International Deaf Day function in school

### Introduction

Shri B D Tatti (Annavaru) Memorial Charitable Trust began its community based rehabilitation programmes in Shirahatti Tulaka and Mundargi Taluka of Gadag District, Karnataka from 1996. The need for timely identification of children and persons with disabilities, providing them with the range of services required and expanding the reach of service to direct and indirect beneficiaries was the reason for the organization getting into community based rehabilitation. These programmes also gave the organization the scope to involve and engage various stakeholders, care givers, Government Departments and NGOs in the service of persons with disabilities. The community based rehabilitation programmes, which managing the following interventions, are primarily supported by Sir. Dorabji Tata Education Trust, Mumbai and APD, Bangalore.

- Early Intervention and Inclusive Education
- Therapy and mobility

- Livelihood promotion
- People Advocacy and Organization

Additionally, various government departments, corporate, institutions, and individuals are supporting the organization's programmes in various ways. While some of them are giving financial support, others are supporting in terms of providing venues for important events, sponsoring food and refreshments, event related logistics, or by sponsoring any mobility aid or appliance.

With the support extended by Government sectors like Women & Child Department, Education Department, Health Department, District Disable Welfare Department, Grama Panchayat, the Trust has built a network with non-Government Organisations like Cure Clubfoot Worldwide, St. John's Hospital, Bangalore, Samartanam Trust for the Disabled.

## Support extended:

Year	CWD	Age Group	CWD	Age Group
2015-16	402	0-6 years	283	6-18 years
2014-15	226	0-6 years	199	6-18 years

### Situational Analysis

Studies and surveys seem to suggest that there has been an increase in the population of people with disabilities. As per the 2011 population census, in India, 2.21 % were persons with disabilities. In comparison to the Census 2001, there is an increase of approx 0.5% to 0.1% in the percentage of people with disabilities in India. In Census 2001, the population of people with disabilities was 18,355 people as compared to 25,114 in 2011. This is a matter of concern that requires interventions to support people with disabilities as well as prevent people with disabilities.

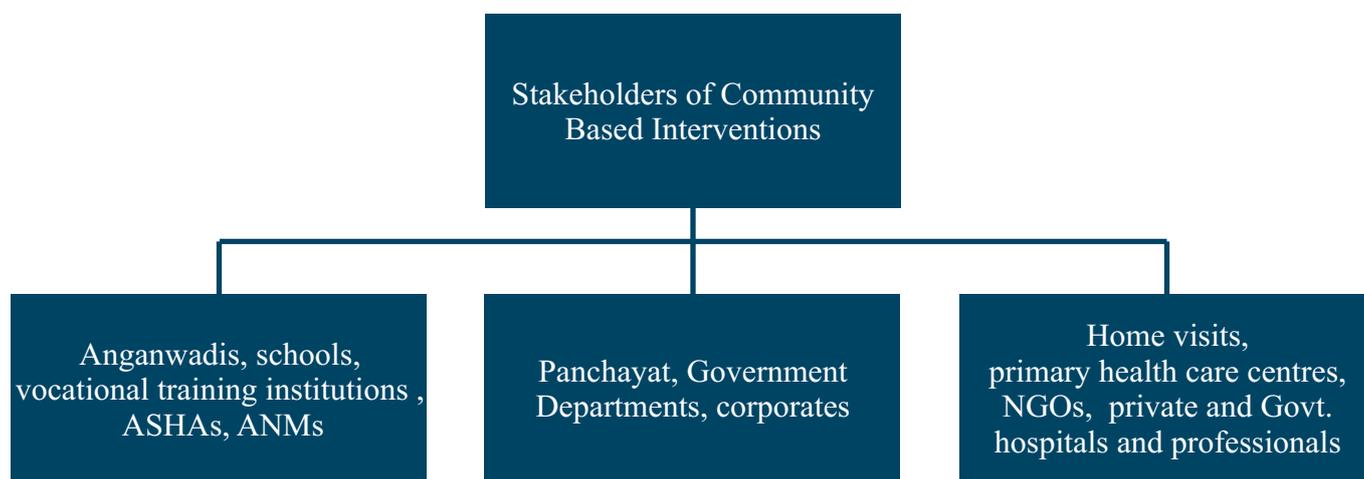

In Karnataka, 2.1 6% are persons with disabilities. Accordingly, in Gadag and Shirahatti Taluk, 2.35% and 1.87% in a population of 10,64,570 and 2,00,669 are people with disabilities respectively. In terms of numbers, 25114 and 3772 persons, including children, youth and adults, are having one or the other form of disability.

In this context, having a growing number of persons with disabilities is one of grave concern, not just for the individual and the family but also the society, and the nation at large. Primarily, the main issues related to disability relate to the following:

- lack of awareness about timely identification of disability among persons, especially children,
- lack of treatment and support, or inadequate treatment and support,
- lack of community and societal support
- lack of opportunities to study,
- lack of awareness about social entitlements or social schemes for persons with disability
- inability to afford expensive aids and appliance,
- lack of integrated stakeholder and community interventions
- lack of rehabilitation or mainstreaming,
- inadequate disability oriented specialized care
- lack of proper pre-natal and ante-natal care, and lack of awareness about proper nutrition among children,
- stigmatizing and discriminatory attitudes in the society
- lack of an inclusive societal system at different socio-economic levels (village and cities) and
- need for larger level advocacy, networking and impact at policy implementation level.

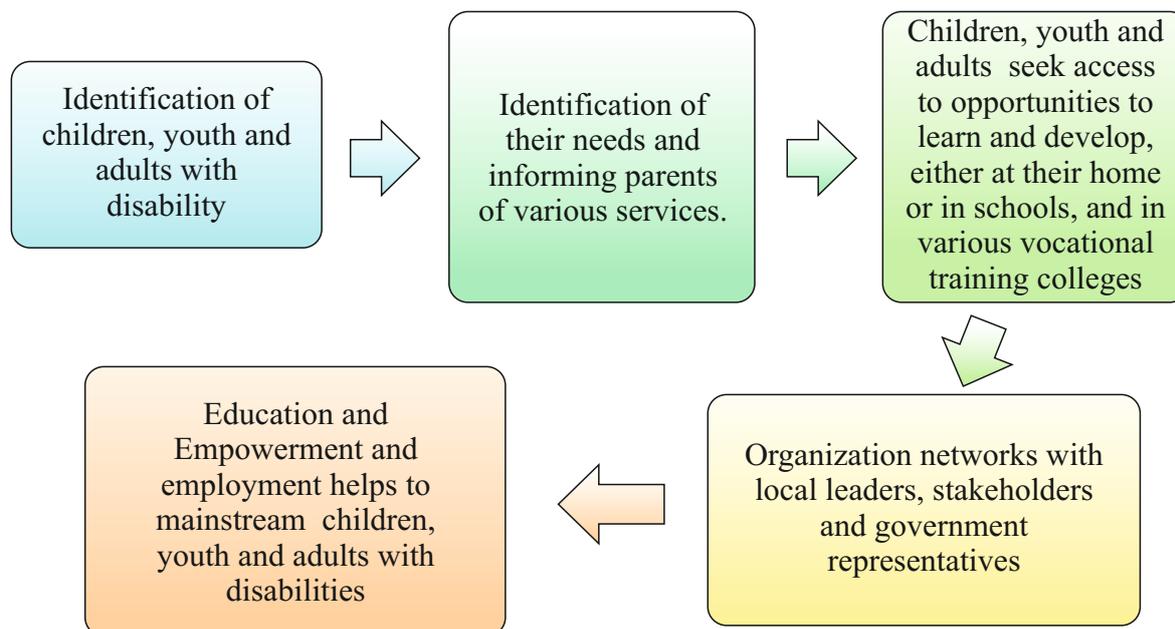

### Networking – stakeholders, families and communities

Shri B D Tatti (Annnavaru) Memorial Charitable Trust works not only with beneficiaries (direct and indirect) but also their families. In addition, it networks with different type of stakeholders depending upon the need of the children, youth and adults with disabilities.

## Community Based Rehabilitation Programmes – Functioning at a glance

In this context, right from identification to rehabilitation, Shri B D Tatti (Annavaru) Memorial Charitable Trust has interventions for children, youth and adults. The graphic below provides the highlights of its community based rehabilitation programmes.

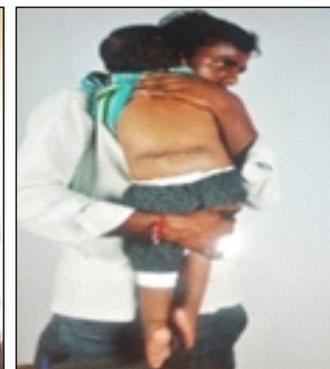

### Case studies

#### Sevanti – timely intervention can prevent serious disability

**Family Background:** Sevanti Adin is a 2 years old baby girl. She suffered from spinal bifida since her birth. Her parents work as coolies. She is their elder daughter and she has one brother.

**Before BDT Intervention:** Sevanti's parents are from a poor background. They could not afford the suggested surgery as it would have cost them more than a lakh.

**After BDT Intervention:** She had been detected to be suffering from spinal bifida during the screening camp. BDT then sent her to St. John's Hospital with one staff and put her through intervention process. The doctor also suggested a surgery. BDT negotiated with the hospital authorities to provide concession and we supported financially. Sevanti's surgery was successful and she is now recovered. If we had neglected her and postponed the surgery, in future she may face CP disability as spinal bifida leads to disability. Early Intervention saves life of so many children and helps them to lead their life independently.

#### Ubedulla – Support for mobility

**Family Background:** Ubedulla is a 6 years old boy. His father works as a Mestri and mother is housewife. He has one brother and two sisters. He is from an economically poor family.

**Before BDT Intervention:** He was unable to sit and walk and was totally dependent on his parents. He needed regular therapy service but his parents didn't know how and where to get this support.

**After BDT Intervention:** Under Early Intervention Program we identified Ubedulla in an Anganwadi Center and found that he is CP child. Therapy service was provided as also AFO appliances for both legs. He is now able to walk without support and parents are very happy.

# Key programmes under Community Based Rehabilitation

## Early intervention

- Organizing health camps for screening the children for disability
- Identification of children disability and facilitating the process of medical (surgical and non-surgical) and para-medical support (physiotherapy), or provision of aids and appliances as per the need
- Nutritional counselling and nutrition food support (POSHAK) to malnourished children. POSHAK, a healthy energy drink prepared by the SHG's women in collaboration of Family Planning Association, Dharwad, is being provided to the children. There is a 20% noticeable improvement amongst 264 children in the age group of 6 months to 06 years. The rest 80% are also showing signs of improvement. The nutrition food was provided to 81 children below 6 months as well.
- Providing aids and appliances to children with disabilities  
Medical intervention for children with disabilities for the treatment of Club foot, delayed development, Cleft Lip, Low vision etc. as well as secondary problems in communication, and physical development

## Inclusive Education

- Mainstreaming children with disabilities into schools
- Making the way for more inclusion of children with disabilities and addressing stigma and discrimination through education camps and formation of children clubs. Through these measures, children with disabilities feel more prepared and motivated to attend regular schools. Having understood the importance of having disability friendly infrastructure, many of the schools have built ramps to facilitate the movement of children with disabilities. In addition, the children also meet regularly to discuss the issues related to CWDs (Children with disability) in the children clubs.

## Therapy service and mobility

Therapy (physiotherapy and speech therapy) is very important to improve the lives of persons with physical and speech related disability, especially for children. The organization is actively working with health care centres and also visiting the houses of the children with disability in order to provide the required physiotherapy and speech therapy. The parents of the children are coming in regularly as many of them cannot afford private health care. There is an improvement in the condition of the beneficiaries after therapy service. Similarly, mobility aids play an important role to improve the functionality or mobility of the persons with disability be they children, youth or adults. During this year, various types of mobility aids were given to the persons with disabilities.

## Livelihood promotion

- Identification of youth with disability
- Need based assessment
- Interaction with parents if required
- Facilitating the process of enrolling into vocational training institutes
- Career guidance programme
- Support to pursue higher education and vocational training
- Supporting in the process of getting employment or starting own enterprise for youth with disability.

## People Advocacy and Organization

- Establishing and strengthening networks to assist people with disabilities to meet their needs through family, community based stakeholders and institutions. As part of the activities, the issues related to disability and people with disability are discussed regularly in the SDMC (School Development and Monitoring Committee) meetings.
- Campaigns and education camps were organized to sensitize parents, community and other stakeholders on importance of education for children with disabilities, and ways to ensure continued education for them and preventing drop outs.
- Working closely with the Department of Education and other Departments to promote inclusive education and therapy services

## Networking - Partners & Organization

- ◆ Interacting with primary health care centres, medical care centres, and hospitals for organizing health camps, therapy services and surgeries. In this context, it also networks with outstation hospitals for specialized treatment, NGOs and forums. During this year, the organization worked with the following:
- ◆ St. John's Hospital, Bangalore
- ◆ Indira Gandhi Hospital, Bangalore
- ◆ Sristi Special Academy, Bangalore
- ◆ ASHA, Bangalore
- ◆ APD, Vijayapur
- ◆ Spastic Society of Karnataka, Bangalore
- ◆ Baduku Community College, Bangalore
- ◆ Ms. Roshani Hangal
- ◆ State Disable Commissioner's Office, Bangalore
- ◆ Samuha Samartya, Koppal
- ◆ APD, Chikkaballapur

During this year, with the support from St. John's Hospital, Bangalore, 23 CWDs got medical treatment. 19 surgeries were performed at concessional rates, and Plaster of Paris treatment was given to 4 persons. Sri Dharmastala Manjunatheshwar Hospital (SDM) Dharwad, performed surgery of four children with cleft lip and one multiple disability child. Three children with club foot were sent to Cure Club Foot Worldwide, Hubli, for POP

**Family Background:** Santosh is a 22 years old unmarried boy and comes from a middle class family. His father is primary school teacher and mother is a housewife. He has a married brother and a married sister. He suffers from Speech and Hearing impairment.

**Before BDT Intervention:** He has completed 10<sup>th</sup> standard and also completed the bridge course in our deaf school. After completion, for a few months he supported his mother at home. He was very frustrated as he felt he had no aim in his life.

**After BDT Intervention:** Post his assessment, we motivated his parents to send him to Samarthanam at Dharawad, to take up retail training. He completed his retail training for 3 months. He now works

in a pizza company as a Sales Executive and draws a salary of Rs. 7,000/- per month. His parents are very happy and have faith in his confidence to lead his life independently.

**Family Background:** Menaka is a 9 years old girl. She has multiple disabilities. She is studying in 4<sup>th</sup> standard in a home base education system from BRC, Shirahatti. Her father works as a Kammar and mother is housewife.

**Before BDT intervention:** Menaka was kept in an ICU after her birth. She was under treatment in SDM hospital and Tatwadarshi Hospital in Dharwad. She suffers from epilepsy, mental retardation and malnutrition.

**After BDT Intervention:** During an inclusive education program, BDT education worker identified Menaka. Our Therapist practiced ADLS skill and provided speech therapy

to Menaka. Owing to malnutrition, she was admitted to SDM hospital, Hubli a few months ago. BDT financially helped take care of the medical expenses under the Niramaya Yojana Service. Menaka is now able to walk and speak clearly.

## Overall programme statistics

Sl no	Description of service	Unit/Amout
1.	Support extended to CWDs	
2.	Screening of children	18580
3.	Identification of children with disabilities	360
4.	Clinical Assessment	315
5.	Children identified with disabilities (CWD) after clinical assessment	
6.	Support to Assistive Devices and Mobility Aids	46
7.	• Centre based Physiotherapy	326
	• Home based Physiotherapy	67
	• Speech therapy	32
	• Total Therapy Service	425
8.	Provision of aids and appliances	
9.	Surgical intervention	27
10.	Plaster of paris	04
11.	Visual surgery	01
12.	Malnourished children identified	345
13.	Nutrition food support to malnourished children	264
14.	Training programmes (Anganwadi workers, ASHA, ICDS)	ASHA-98 Anganawadi-239 Parents-678 SSA-50
15.	Number of CWDs identified studying in 1 <sup>st</sup> standard from about 156 schools	93
16.	Number of children CWDs enrolled into mainstream schools	94
17.	Number of CWDs who manage their ADLS independently or with less assistance after undergoing therapy and mobility services	56
18.	Training of parents (Shirahatti and Mundargi)	678 parents
19.	Number of programs conducted	08
20.	Number of parents attended	278
21.	Number of children groups/clubs formed during the year	06
22.	Number of rallies conducted	16
23.	Number of peer group	37
24.	Number of surgeries	29
25.	Nutrition drink	264
26.	Speech therapy	32
27.	Identification of youth with disabilities	210
28.	Need based screening and assessment	6 camps and 274 YWD
29.	Exposure visits for VT	25 PWDs and 5 parents
30.	Career guidance programme (Shirahatti and Mundargi)	30 YWDs and 07 parents
31.	Support to pursue higher education and vocational training	121 YWDs
32.	Provided support for obtaining employment and/or self employment	- 31
33.	Number of PWDs who got social entitlements or Government	289

## **Best practices of the organization – what makes it stand apart**

### **1. Identification of children, youth and disabilities at the grassroots, with support of community stakeholders**

#### **2. Training programmes for parents and youth with disabilities**

Parents play an important role in the identification of any disability among their children. However, due to lack of proper information, they are not aware about the initial symptoms of disability. As a result, in some cases, the symptoms become severe over a period of time. Often, it is not until it is too late that the disability is detected.

To prevent this from happening, Shri B D Tatti (Annvaru) Memorial Charitable Trust regularly organizes sensitization programmes for parents. In addition, it also organizes placement training programme for youth with disabilities. During this year, 40 parents and 60 youth with disabilities attended the sensitization programmes.

#### **3. Capacity building programmes for grassroots level workers & activists (ICDS workers & ASHAs)**

Grassroots level workers are essential for understanding the community's needs, informing them about government welfare schemes and social entitlements and interface between the community and the system. In this context, the ASHAs and the ICDS workers play a significant role related to community health care and child care and welfare.

The field workers of Shri B D Tatti (Annvaru) Memorial Charitable Trust regularly interact with the ASHAs and the ICDS workers and supervisors in its working areas and organize sensitization programmes for them on the issues related to disability. In turn, the ASHAs and the ICDS workers/supervisors inform the parents about early identification of disability, timely diagnosis, treatment and care primarily for children. However, they interface with the organization on needs related to youths and adults with disabilities. During this year, 143 ICDS workers and 4 supervisors, and 117 ASHAs and 1 supervisor participated in various orientation programmes.

#### **4. Sensitization about government schemes and social entitlements for persons with disabilities**

Many of the persons with disabilities are not either not aware about various Government schemes for persons with disabilities or need support in collating the various documents. The organization regularly organizes different type of programmes for community, stakeholders and beneficiaries where it provides information about social welfare schemes for persons with disability and the importance of mainstreaming them. As a result, many of them access financial subsidies, or get grants and equipment at concessional rates.

#### **5. Provision of mobility aids and appliances to persons with disabilities**

Persons with disabilities (children, youth or adults) require assistive devices to improve their functionality and mobility. Most of the beneficiaries belong to families earning between Rs. 5000/- to Rs. 10,000/-per month and have an average of four to five members in each family. Therefore, the family is just about able to meet their basic needs and often cannot afford aids and appliances. In India, although the manufacturing of aids and appliances has increased over the years, some of them are expensive and beyond the reach of the beneficiaries.

Shri B D Tatti (Annvaru) Memorial Charitable Trust accords top importance to providing these aids and appliances to the persons with disabilities.

## Type of disability and number of beneficiaries impacted

Sl.No	Category of Disability	Number of Beneficiaries
1	Locomotor Disability	1839
2	Mental Retardation	353
3	Hearing Impairment	345
4	Visual Impairment	436
5	Spinal Cord Injury	02
6	Cerebral Palsy	321
7	Mental Illness	11
8	Multiple Disability	202
	Total	3509

## During the year, the following mobility devices were given to beneficiaries:

Sl.No	Type of Appliance	Number of Beneficiaries
1	Moti go	11
2	Moti Start	03
3	Hearing Aids	01
4	AFOs	05
5	AFO's, Gaiters, Rollators & sandals	09
6	Clip on tricycle	01
7	WM4sx	02
8	B/LAFO's, sandals & MAS	01
9	Special Seat	02
10	B/L Gaiters & WM3 wheelchair	01
11	Sandal with MAS	04
12	Rollator	2
13	Wheel Chair	4
14	External clothes	1

## Summary of overall needs

- There is a need for a minivan to transport the school children to Ghatana classes and the staff to commute to areas implementing the community based rehabilitative programmes
- Compound wall for the school
- Need for regular funding sources for various programmes of the organization.

## Future plans at a glance

The organization plans to start an Early Intervention Programme at the District Level, in the Government Hospital in Gadag. The centre will serve as a strong foundation for early identification, treatment and rehabilitation, helping the younger generation in a significant manner.

## Conclusion

The year 2014-15 has been result oriented. With the active participation of parents, guidance of APD and support from St. John's Hospital, Bangalore, most of the yearly project plans were implemented. With early detection, especially in children of the age group 0-3 years, many disabilities and secondary problems have been prevented. With improved clinical assessments and reassessment, there has been success seen in the therapy impact in 224 CWDs. They are able to manage their ADLS independently or with limited assistance from their parents.

## Community Based Rehabilitation Programme Activities

Appliance measurement camp

Child undergoing physiotherapy

Health Checkup camp

Nutrition food distribution to red zone children

CBR peer group sensitization

Wheelchair given to child in appliances distribution camp

## Community Based Rehabilitation Programme Activities

Sensitization programme for parents of disabled children

Manjunath Jinagi training programme

Rally on inclusive education

Early intervention training for ASHAs

Education camp

Rally on inclusive education

## ಸ್ವಾವಲಂಬಿ ಶಿಕ್ಷಣಕ್ಕೆ ಆದ್ಯತೆ ನೀಡಿ

17 ಅಂಗವಿಕಲ ಮಕ್ಕಳಿಗೆ ಸಾಧನ ಸಲಕರಣೆ ವಿತರಣೆ

ಲಕ್ಷ್ಮೇಶ್ವರ: ಪಟ್ಟಣದ ಬಿ.ಡಿ. ತಟ್ಟ ಮೆಮೋರಿಯಲ್ ಚಾರಿಟೇಬಲ್ ಟ್ರಸ್ಟ್ ಸಮುದಾಯ ಆಧಾರಿತ ಅಂಗವಿಕಲರ ಪುನರ್ವಸತಿ ಯೋಜನೆ ಅಡಿಯಲ್ಲಿ ಸೋಮವಾರ ಶಿಕ್ಷಣ ವ್ಯಕ್ತಿ ಪತ್ತೆ ಹಚ್ಚುವಿಕೆ ಹಾಗೂ ಸಮನ್ವಯ ಶಿಕ್ಷಣ ಕಾರ್ಯಕ್ರಮದಲ್ಲಿ ತಾಲೂಕು ವ್ಯಾಪ್ತಿಯಲ್ಲಿನ 18 ವರ್ಷದ 17 ಅಂಗವಿಕಲ ಮಕ್ಕಳಿಗೆ ಉಚಿತ ಸಾಧನ ಸಲಕರಣೆಗಳನ್ನು ವಿತರಿಸಲಾಯಿತು.

ಲಕ್ಷ್ಮೇಶ್ವರದಲ್ಲಿ ಅ.ಪಂ. ಅಧ್ಯಕ್ಷಿ ಆರಾಧನಾ ಕವಲೂರ ವಿಕಲತೆಚೇತನ ಮಕ್ಕಳಿಗೆ ಉಚಿತ ಸಾಧನ ಸಲಕರಣೆಗಳನ್ನು ವಿತರಿಸಿದರು. ಸೋಮವಾರ ಮಹಾಬಲಕಟ್ಟರ ಇತರರಿದ್ದರು.

ಸಂಸ್ಥೆಯ ಗೌರವ ಕಾರ್ಯದರ್ಶಿ ಸೋಮವಾರ ಮಹಾಬಲಕಟ್ಟರ ಇತರರಿದ್ದರು. ಸಂಗೀತಾ ಸೋಮವಾರ ಮಹಾಬಲಕಟ್ಟರ ಇತರರಿದ್ದರು. ವೆಂಕಟೇಶ ಕಾರ್ಯಕ್ರಮದ ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿದ್ದರು. ಛಾಂದಿ ಮತ್ತು ಮಂಜುನಾಥ ಜನಿ ನೀಲಮ್ಮ ದಾಸಪ್ಪನವರ, ಸೋಮಯ್ಯ ಕಾರ್ಯಕ್ರಮ ನಿರ್ವಹಿಸಿದರು.

## ಅಂಗವಿಕಲತೆ ಎದುರಿಸಲು ಆತ್ಮವಿಶ್ವಾಸ ಅಗತ್ಯ

ಲಕ್ಷ್ಮೇಶ್ವರ, ಫೆ. 12: ಪಟ್ಟಣದ ಬಿ.ಡಿ.ತಟ್ಟ ಮೆಮೋರಿಯಲ್ ಚಾರಿಟೇಬಲ್ ಟ್ರಸ್ಟ್‌ನವರು ಶೀಘ್ರ ವಿಕಲತೆ ಪತ್ತೆ ಹಚ್ಚುವಿಕೆ ಹಾಗೂ ಸಮನ್ವಯ ಶಿಕ್ಷಣ ಕಾರ್ಯಕ್ರಮದಡಿ ವಿಕಲತೆಚೇತನರ ಪಾಲಕರಿಗೆ ಪ್ರಸ್ತುತ ತಂತ್ರಜ್ಞಾನದ ಸಮುದಾಯಭವನದಲ್ಲಿ ತರಬೇತಿ ನೀಡಲಾಗುತ್ತಿತ್ತು. ಹಿರಿಯ ಮುಖಂಡ ನಾರಾಯಣ ಭಟ್ ಪುರಾಣಿಕ ಹಾಗೂ ಕೆ.ಎಸ್. ಕುಲಕರ್ಣಿ ಕಾರ್ಯಕ್ರಮ ಉದ್ಘಾಟಿಸಿದರು. ಅತಿಥಿಯಾಗಿದ್ದ ಸಿ.ಡಿ.ಪಿ. ಸರಸ್ವತಿ ಕೊನ್ನೇಗೌಡ ಮಾತನಾಡಿ ಅಂಗವಿಕಲರಾಗಿ ಇರುವ ಹೆಂಡತಿಯ ಯೋಜನೆಗಳನ್ನು ವಿವರಿಸಿದರು. ವಿಕಲತೆಚೇತನರಾಗಿರುವ ಬಗ್ಗೆ ಕೇಳುವ ಬೇಡ, ಸಮಾಜದಲ್ಲಿ ಎಲ್ಲರೂ ಜೀವಿಸಿ ಸಾಗಿಸುವಂತೆ ನೀಡಿ ಸಹ ಅಭಿಪ್ರಾಯವಿರುವ ಜೀವನ ಸಾಗಿಸುವಂತೆ ಮಾನಸಿಕವಾಗಿ ಸಿದ್ಧರಾಗಬೇಕು ಎಂದು ಕರೆ ನೀಡಿದರು.

ಅಧ್ಯಕ್ಷತೆ ವಹಿಸಿದ್ದ ಸಂಸ್ಥೆಯ ಗೌರವ ಕಾರ್ಯದರ್ಶಿ ಸೋಮವಾರ ಮಹಾಬಲಕಟ್ಟರ ಮಾತನಾಡಿ ಮಕ್ಕಳ ಲಾಲನೆ ಪಾಲನೆಯಲ್ಲಿ ಅನಿಯಮ ಪಾತ್ರ ಬಿಡಬಾರದು. ಇತ್ತೀಚಿನ ದಿನಗಳಲ್ಲಿ ಸಮಾಜದಲ್ಲಿ ವಿಧವೆ ಕುಟುಂಬಗಳು ಹೆಚ್ಚುತ್ತಿರುವ ಹಿನ್ನೆಲೆಯಲ್ಲಿ ಮಗುವಿಗೆ ತಾಯಿಯ ಅಪಚ್ಛೇದ ಹೆಚ್ಚುತ್ತಿರುವುದು, ವಿಕಲತೆಚೇತನ ಮಕ್ಕಳಿಗೆ ತಾಯಿಯ

ಲಕ್ಷ್ಮೇಶ್ವರದ ಬಿ.ಡಿ.ತಟ್ಟ ಸಂಸ್ಥೆಯಿಂದ ನಡೆದ ಸಮುದಾಯ ಆಧಾರಿತ ಕಾರ್ಯಕ್ರಮದಲ್ಲಿ ನಾರಾಯಣಭಟ್ ಪುರಾಣಿಕ ಉದ್ಘಾಟಿಸಿದರು.

ಅಪಚ್ಛೇದ ಮುಖವಾಗಿರುತ್ತದೆ. ವಿಕಲತೆಚೇತನ ಮಕ್ಕಳು ಹುಟ್ಟುವವೆಂದೆಲ್ಲ ಅಲ್ಪತೆ ಹೆಸರಿನಿಂದ, ಅವರ ವಿಕಲತೆಯನ್ನು ಜೀವನ ಪತ್ತೆ ಹಚ್ಚುವವರಿಂದ ಮುಂದಿನ ದಿನಗಳಲ್ಲಿ ಅವರಿಗೆ ಅಪಚ್ಛೇದವಿರುವ ತರಬೇತಿ ನೀಡಲಾಗುತ್ತದೆ. ಅನಿಯಮದಿಂದಲೇ ಹೆಚ್ಚು ಗಮನ ಪಾಲನೆಯನ್ನು ಆಗುತ್ತೆ ಎಂದರು. ಈ ನಿಟ್ಟಿನಲ್ಲಿ ನಮ್ಮ ಬಿ.ಡಿ.ತಟ್ಟ ಸಂಸ್ಥೆಯು ಉತ್ತರ ಕರ್ನಾಟಕದಲ್ಲಿಯೇ ಉತ್ತಮ ಕಾರ್ಯ ಮಾಡುತ್ತಿದೆ ಎಂಬ ಅಭಿಪ್ರಾಯವನ್ನು ಕೆ.ಎಸ್.ಕುಲಕರ್ಣಿ, ಅತಿಥಿಯಾಗಿ ವ್ಯಕ್ತಪಡಿಸಿದರು.

ಆಡಳಿತಾಧಿಕಾರಿ ಎಂ.ಎಸ್.ಬಿ.ಡಿ.ಗೆರೆ, ಎ.ಪಿ. ಸಂಸ್ಥೆಯ ರೂಪಾಕ್ಷರ, ರಶ್ಮಿ ಮುಂತಾದವರು ಉಪಸ್ಥಿತರಿದ್ದರು. ಕಾರ್ಯಕ್ರಮ ಸಂಯೋಜಕರಾದ ನೀಲಮ್ಮ ದಾಸಪ್ಪನವರ ಪ್ರಾಸ್ತಾವಿಕವಾಗಿ ಮಾತನಾಡಿದರು.

ಮಂಜುನಾಥ ಜನಿ ಸ್ವಾಗತಿಸಿದರು. ಶೀಲಾ ಖಾನಪ್ಪನವರ ವಂದಿಸಿದರು. ಸೋಮಯ್ಯ ಭಟ್ಟರಸ್ವಾಮಿಯವರ ನಿರೂಪಿಸಿದರು. ಶಿರಹಳ್ಳಿ ತಾಲೂಕಿನ ಸುಮಾರು 50 ಕ್ಕೂ ಹೆಚ್ಚು ಪಾಲಕರು ತಿಬರದಲ್ಲಿ ಪಾಲ್ಗೊಂಡಿದ್ದರು.

## Acknowledgements

As part of its service to its direct and indirect beneficiaries, Shri B D Tatti (Annnavaru) Memorial Charitable Trust is engaged in various activities and programmes. These programmes are relevant due to the following reasons:

- Creating awareness about issues related to disabilities,
- Improving the reach and services for children, youth and adults with disabilities and to strengthening the impact at a larger level by networking with stakeholders, and upgrading the services of the existing service providers.

The activities that the Trust organizes to achieve the above mentioned objectives include sensitization programmes, training or capacity building programmes, sports meets, vocational training programmes, career guidance programme and provision of aids and appliances among others. The Trust is grateful to the support of donors, both individual and institutional, who have reposed their trust in us. Support has come in Government Departments and their officials, Panchayats of different villages, temple management committees, schools and colleges, Foundations and NGOs to name a few. From many of them have expressed their support through cash, by sponsoring any aid or appliance or lunch, or donated their space for conducting the activities. It may not be possible to list the numerous ways of support, but the Trust is grateful to each and every donor. Without their support, the organization would not have been able to conduct many of its activities in an effective manner.

**FORM NO 10 B**  
(See Rule 17 B)

**AUDIT REPORT UNDER SECTION 12 A (B) OF THE INCOME TAX ACT 1961, IN CASE OF CHARITABLE OR RELIGIOUS INSTITUTIONS**

We have examined the **Balance Sheet of Sri B.D.Tatti ( Annavaru) Memorial Charitable trust Lakshmeshwar** as on 31<sup>st</sup> March 2015 and also the **Income And Expenditure Account** for the year ended on that date annexed thereto. These financial Statements are the responsibility of the trust management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that, we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion and the Income and Expenditure account for the year ended on that date which are in agreement with the books of accounts maintained by the said trust.

We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of the audit. In our opinion, proper books of account have been kept at the Head Office, so far as appears from our examination of the books.

In our opinion and to the best of our knowledge and according to the information given to us, the said accounts give a true and fair view :-

- i. In the case of Balance Sheet of the state of affairs of the above mentioned Trust as at 31<sup>st</sup> March 2015.
- ii. In the case of Income and Expenditure Account, of the Excess of Income over Expenditure of the trust for the financial year ending 31<sup>st</sup> March 2015

The prescribed particulars are annexed hereto.
