*Dear Health workers,*

*We are beyond grateful to Doctors, nurses, and hospital staff who are silently and relentlessly working round the clock on the frontline against the COVID-19 pandemic. As of token of good will we had sent face shields to health workers of your hospital. We hope this would benefit you and do let us know if you need further assistance from us.*

*Keep the good work going on!!!*

*Kindly provide feedback and do share the photos to above mentioned numbers.*

Warm Regards,

**Gururaj Potnis**
